Recycled Buckles collection

We are proud to inform you that we once again have expanded our collection with buckles, made of recycled material. The material is 100% recycled PA6 or PA6.6 and is Oeko-tex certified.

Contacts:

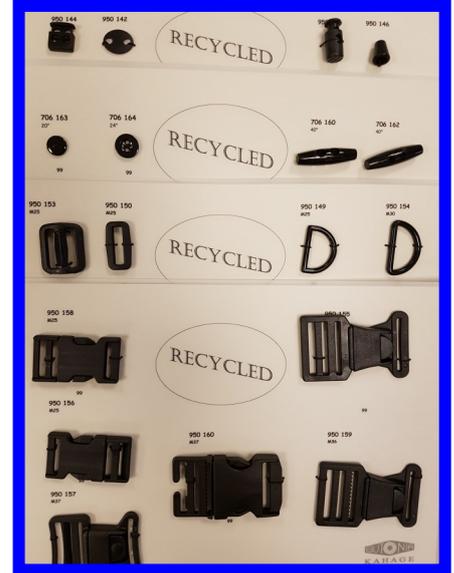

Have a look into "contacts" on our website to find your office.

With every delivery, we can issue a certificate as confirmation that 100% recycled material is used in the production.

In this collection you will find the following articles:

- > Side Release buckles
- > Central release buckles
- > D rings
- > Sliders
- > Cordends
- > Buttons
- > Toggles

For more information, contact our sales team.

Your request— our challenge !!!

Butonia-Kahage Group.

Fire retardant collection

Further to our previous newsletter and many positive comments received, we are happy to present this once again.

The following articles can be supplied in FR:

- > Plastic buckles
- > Buttons
- > Toggles
- > Cordends
- > D rings
- > Webbing
- > Hook & Loop
- > (Elastic) cord / Bungee cord

We have added to our collection **FR reflective tape**.

Our sales team are waiting for you !!

If you do not wish to receive our mailing, please be so kind to send a mail to: info@butonia-group.com
